**Graduate Notes**

Yellow highlights - undergrad prerequisites required for all concentrations (general and CIS)
Blue highlight (CS 471) - applies only to the general concentration
Green highlight (CS 350) - applies only to the CIS concentration

CS 252 is not required, but is recommended for all concentrations (especially if no previous Unix experience)

Make note of the combined options of CS 150/250 (as CS 333) and CS 170/270 (as CS 334)

The guide also shows the MATH prerequisites required for the undergraduate courses.
